- Spanish — Native

CERTIFICATIONS

- HTML Course
- Business Intelligence Foundation (BIFPC)
- Build a Free Website with WordPress
- Angular

SUMMARY

Bilingual ICT student at UNIBE with hands-on experience across web development, IT support, medical billing, and high-volume customer operations. Coding since age 10, now building real-world tools with HTML, CSS, JavaScript, and React. I understand the business problems behind the code. Open to junior dev, IT assistant, or software support roles.

EXPERIENCE

Administrative Assistant & IT Support Volunteer

Xploy Solutions — Dec 2024 – Apr 2026

- Managed day-to-day operations using Outlook, Excel, and Google Sheets for scheduling, data management, and cross-team reporting.
- Set up workstations, repaired PCs, and resolved network switch and connectivity issues as informal first-line IT support.

Medical Billing Specialist & IT Support Volunteer

Ruby Staffing — Sep 2022 – Dec 2024

- Processed CPT code-based authorization claims applying structured data logic to ensure accuracy and insurer compliance.
- Used ClickUp to manage billing workflows, prioritize disputes, and maintain team collaboration at scale.
- Recognized as a top performer for consistently resolving complex insurance disputes with precision and efficiency.
- Maintained workstation and network infrastructure to keep billing operations running smoothly.

Retention Specialist

Advensus — Feb 2022 – Sep 2022

- Achieved a 97% customer retention rate through persuasive phone-based engagement and real-time objection handling.
- Identified patterns in customer cancellations and adapted communication strategies to address pain points.

Technical Support Representative

Newtech S.R.L (Samsung) — Dec 2021 – Feb 2022

- Frontline Samsung support across consumer electronics at 150+ calls/day with low handle times and high quality scores.
- Rapidly mastered proprietary ticketing and case management systems, demonstrating strong software agility.

Customer Service Representative

Teleperformance (FedEx) — Mar 2021 – Dec 2021

- Handled 150+ daily interactions covering shipment tracking, delivery resolution, claims, and account inquiries.
- Onboarded quickly onto specialized FedEx logistics software while maintaining accuracy and performance metrics.

Customer Service Representative

Alorica — Jan 2020 – Mar 2021

- Delivered 150+ daily tech support calls for a major telecom provider across billing, accounts, and device support.
- Consistently met strict KPIs on call quality, handle time, and hold time in a performance-driven environment.

EDUCATION

B.Eng. Information & Communication Technologies

Universidad Iberoamericana (UNIBE) — Aug 2020 – Jul 2024

High School Diploma

St. Joseph Catholic High School — Aug 2012 – Jun 2016
